**SUBSTITUTE PETITION FOR REVIVAL OF AN APPLICATION FOR
PATENT ABANDONED UNINTENTIONALLY UNDER 37 CFR 1.137(b)**

Sir:

Please substitute this Petition ("Substitute Petition") for the prior Petition filed on May 11, 2007 ("Original Petition"), in the above-identified patent application. The reasons and circumstances for filing this Substitute Petition are briefly set forth below.

This Substitute Petition is being filed following a review of the file of the above-identified patent application pursuant to an audit of Petitioner's intellectual property assets, which was initiated in September, 2007. During this review, it was discovered that the Original Petition was incomplete in the following respect: it did not include the required reply to the Final Rejection of June 26, 2006. Accordingly, this Substitute Petition now includes a reply in the form of an RCE application request (enclosed).

A petition fee has previously been paid in the Original Petition. However, if it is determined that an additional petition fee is now required, authorization is hereby given to charge Deposit Account No. 02-3038 for the small entity fee of \$750, and for any additional fees which may be required.

Since this utility application was filed on or after June 8, 1995, no further terminal disclaimer is required.

The entire delay in filing the required reply from the due date of the required reply until the filing of a grantable petition under 37 CFR 1.137(b) was unintentional. Petitioner understands that the United States Patent and Trademark Office may require

additional information if there is a question as to whether either the abandonment or the delay in filing a petition under 37 CFR 1.137(b) was unintentional (MPEP 711.03(c), subsections (III)(C) and (D)).
